

I Found a Baby Bird...Now What?

1

Observe from a distance if the bird is safe.

Other birds in the area?

Are they feeding the bird?

2

Take two pictures:

One of the bird with the surrounding environment

One of a close up of the bird

Please

3

Call the Center

Call our hotline
(530) 365-9453
and leave a message.

Our call team will respond and request the pictures for ID.

Leave the bird alone

Place the bird in a shoebox or paper bag lined with cloth and bring us the bird

If you bring us the bird, we may ask you to put the bird back where you found it or admit it to the clinic, depending on its condition
